HYLAN VETOES 20% INCREASE TO CITY EMPLOYEES

Vindicates Evening World, Which Exposed Favors to High Paid Tammanyites.

CALLS FOR REVISION.

Says Low Salaried Employees of City Should Obtain More Equitable Pay.

Mayor Wytan te-day vetoed the 20 er cent. flat increase in enlaries to that it is inequitable and unjust to the low-salaried employees.

The Mayor's action will upset the calculations of the \$5,000 to \$10 .who were figuring on salary raises greater in many instances than the actual pay of the underpaid cierks. In his veto message to the Board if Aldermen Mayor Hylan writes:

"Upon reflection I am convinced that a more equitable distribution can be made of the proposed salary increases by a modification of the sebedule adopted by the Board es Eatimate and Apportionment on the 9th day of July, 1920, and in order simt the subject may receive further consideration by the Board of Estimate, I return herewith the resolution of the Board of Aldermen (Int. No. 781, G. O. 118), dated the 13th day of July, 1920, without my approval, and would request that the Board of Aldermon refer some back to the Board of Estimate and Apportionment for further consideration."

FLAT INCREASE UNJUST TO THE LOW BALARIED MEN. Mayor Hylan says he did not realize intil he had carefully gone over the schedules that the 20 per cent. inrouse would grant the lower paid clerks and other employees so small cal job holders so great an increase. The flat 20 per cent, programme de-

ceived a great many who at first favored the plan. It was not until The Evening World exclusively published the full list of the higher salaried Tamamny job-holders that the rank injustice of applying a 20 per cent. increase equally to an \$8,000 a year sinecurist and a hard-working \$1,200 a year clerk became apparent. In the former instance the 20 per cent, advance meant a \$1,600 a year raise. In the latter it meant a raise of only
